

# Essence Series

BUDGET-FRIENDLY INCLUSIONS

## Essence Series | Inclusions

**Essence is the perfect choice for those looking to elevate their homeownership experience.**

This package offers a carefully curated selection of upgraded inclusions that combine luxury with practicality, providing a step up from the basics. With superior finishes and thoughtful design, Essence delivers a polished, refined living space that suits modern lifestyles. It's ideal for those who want to enjoy better quality features while still keeping things affordable. And with flexible finance options available, Essence makes it easy to create the home you've always envisioned without compromise.

## Essence Series | Inclusions

### PRE-CONSTRUCTION

- HIA fixed price QCI contract.
- Plans and Specifications (plans remain copyright of Precision Living).
- Engineers soil report and slab design.
- Contour survey.
- Standard Council building application fees (standard applications in Qld based on Brisbane City Council, excluding town planning, relaxations etc), plumbing approval fees (excluding HSTP) & insurance fees (QBCC Insurance, Qleave Insurance & Public Liability Insurance).
- All Standard building approval fees.

### SITE WORKS, FOUNDATIONS AND CONNECTIONS

- 'S' class waffle pod concrete slab to suit "slightly reactive" typical soil description (no piercing allowance to slab U.N.O).
- Standard cut & fill house pad (maximum crossfall 400mm, excludes any excess spoil imports or exports).
- Termite treatment to slab penetrations and physical perimeter barrier in accordance with AS3660.1.
- 25 year structural warranty (T&C's apply).
- Sewer and stormwater connections to existing serviceable connection points for sites up to 800m<sup>2</sup> in size (battle axe blocks may incur extra service costs).
- Three (3) phase electrical mains run in up to eight (8) metres plan length (not including provider connection fees).
- Water connection from pre-tapped water main up to and including six (6) metre setback to house.
- Erosion control silt fence as per Council requirements up to 20Lm.

- Driveway crossover during construction to comply with Council regulations.
- House constructed for "N2" wind rating conditions.
- No allowance for retaining walls.
- Third party Quality Control inspections at both frame stage and prior to Practical Completion inspection.
- Site skip bins and regular site cleans.
- Approx. 80mm stepdowns to alfresco and porch.
- Kerb cut out.
- Exposed aggregate driveway (Single garage = 25m<sup>2</sup> driveway allowance, Double garage = 35m<sup>2</sup> allowance).
- Yard gullies as per master plan.
- Two (2) external garden taps (front and back).

### ENERGY EFFICIENCY

- Ceiling insulation batts rating R4.0 to ceiling area including Garage and Outdoor Room where applicable to master plan.
- Sisalation "Wall-wrap" to external stud walls.
- R2.0 insulation batts to lightweight cladded external stud walls.
- Energy efficient aluminium windows and sliding door units.
- WELS (Water Efficiency Labelling and Standards) rated water saving shower heads and tapware.
- Chromagen 170L heat pump hot water unit or Rheem 26L continuous flow gas hot water unit (no controllers, pre-set to 50°C - product specific).  
Note: Standard design homes with three (3) or more shower compartments include the Chromagen 280L heat pump hot water unit.
- 500 KPA Water Pressure Limiting Device.

## Essence Series | Inclusions

### BRICKS, WINDOWS, ROOF TILES AND GARAGE

- Extensive range of clay bricks from the Builders standard range.
- Natural mortar with raked joints.
- Common double height brick or autoclaved aerated concrete cladding to external walls with acrylic render finish (where applicable on master plan – house specific).
